

## The Post Office Intranet Security System

The Post office staff entered details of the incident into the system

The screenshot shows a Microsoft Internet Explorer browser window displaying a web application. The address bar shows the URL `http://localhost/simswms/simsframe.asp`. The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The address bar also contains navigation buttons for Back, Forward, Stop, Home, Search, Favorites, History, and a Go button. The main content area of the browser displays the following information:
